Company Overview

AMI provides a single source for your technology solution requirements. AMI offers solution expertise in selecting, implementing, deploying and managing Financial Management, ERP (Enterprise Resource Planning), and CRM (Customer Relationship Management) solutions for middle market companies. As a Microsoft Business Solutions Gold Certified Partner, AMI offers a broad range of expertise including infrastructure, networking, office automation, e-commerce, collaboration, business intelligence and other leading edge disciplines. AMI services include consulting, training, implementation, maintenance/support, and hosting services.

AMI AutoAGENT ERP supports the entire repetitive manufacturing process offering Electronic Data Interchange (EDI); Release Accounting; Barcoding; Returnable Container Tracking; Shipment Scheduling; Shop Floor Data Collection; Outside Process Tracking; Production Planning; Labor Analysis; and Materials Resource Planning (MRP) functionality. This feature set is fully integrated with Microsoft Dynamics™ GP, providing enterprise visibility and instant access to current and accurate key business data, equipping your people to make informed operational and strategic decisions at a moment's notice.

Microsoft Dynamics GP is a business management solution that provides growing and midsize organizations with complete and scalable financial and operational functionality, such as advanced consolidation, robust business intelligence, rich reporting, forecasting, and budgeting. Because this functionality is available right out-of-the-box, you are able to integrate and automate your financial and operational processes more rapidly. Microsoft Dynamics GP offers the stability you require, so you know your solution will support your business-critical needs, today and in the future.

Microsoft Dynamics CRM is a customer relationship management (CRM) solution that provides the tools and capabilities needed to create and easily maintain a clear picture of customers, from first contact through to purchase and post-sales. With modules for sales, marketing, and customer service, Microsoft Dynamics CRM delivers a fast, flexible, and affordable solution that drives consistent, measurable improvements in every business process, enabling closer relationships with customers and helping to achieve new levels of profitability.

Bottom line—with AMI solutions, your people are provided with the technology tools that they are comfortable with so they can work to their full potential.
